

**Wayne County Joint Vocational School  
Education Association**

**General Membership Meeting  
Aug. 17, 2018  
Board Room**

Theresa Morgan called the meeting to order at 11:08. She introduced the officers and the Executive Committee.

Ethan Young was here to let everyone know about the part timers being added on 8/15/18. We got our aide positions back from the ESC. Overall the membership grew by 18. He also wanted to discuss the Supreme Court decision regarding the collection of dues. He wants everyone to know that higher membership means better contracts; better wages; a louder voice.

Julie Keener talked about tuition reimbursement. She went over the process and let everyone know to see her if they had questions.

Deb McDonald talked about the teacher evaluations. On Waiver Day the eTPES accounts will be set up and everyone needs to check their evaluations from 2014-2018 for any errors. We will need to go through grievance process to correct any.

It was also discussed that we want all staff to pay close attention to fundraisers and deposits. Keep copies of everything.

And again, if you are asked to have a meeting with administration, please remember you have the right to representation.

Meeting was adjourned at 11:40am

Respectfully submitted,

Dale Tackett
