The minutes will be presented next month.

The treasurer's report will be presented next week. There are a few more new member forms to gather and then they will be sent to the Treasurer's office and OEA will be notified with all of the info for dues. Dues begin coming off pay checks the first pay in October.

Public Participation: None

Committees: Negotiating Committee is looking at all 3 contracts. The common language; checking surveys. Our LRC, Ethan Young, came in and talked about the different types of negotiations available to us. Staff need to be unified. Look at getting t-shirts to wear on certain days. On PT conference night we would like to have a "Gab, Grab and Go" session where staff can come in and get food and ask questions about what is going on and where we are with things. Deb McDonald motioned to spend up to \$300 for the Gab, Grab and Go session seconded by Amanda Seenes. Motion carried.

Deb McDonald mentioned that etPes has been updated by the admin. Please look at it as there have been a few mistakes that they say can't be fixed. Accomplished should only be fully evaluated every 3 years.

President's Report: The first Labor Mgmt meeting will be next week.

New Business: A discussion was had regarding the M & M committee. They would like to make the coffee area in the break room nicer and get a few things. Theresa told Liala to get some pricing and bring back to the committee. Bev Squirrell motioned to give the M & M committee \$500 for the food and things they do throughout the year. Motion carried.

Old Business: None.

Respectfully submitted,

Dale Tackett
